Creating a Culture of Service and Customer Experience Excellence

What IF... Disney ran your Organisation?

Disney has won the “Best in Class” Award for their Customer Service Principles for the last consecutive 40 years

... now these principles are delivering excellence in Organisations across the UK

The Institute of Customer Service Says...

In a Survey of Senior Executives – over 6,000 Executives believed that understanding the Customer viewpoint was ‘very likely’ to lead to Customer Service ROI, viewing it as a key driver of increased efficiency and perceived “Value for Money”.

"Local Organisations must design an experience that creates customer advocacy and establishes a total culture of service quality, from the top down, in order to deliver for customers. Focusing on, and measuring, the softer elements of Customer Service is key to achieving Customer Service ROI"

Our unique insight into Disney's Award-Winning Concepts

Our lead facilitator for this Workshop has a unique insight to Disney's amazing Customer Service concepts.

Barry Bailey is a Fellow of the Institute of Leadership and Management with a 24-year experience in Leadership and Management in 3M at Executive Level – a \$35bn organisation where he held the position of European Vice President of 3M, where he was solely responsible for a \$500m+ business.

Prior to his current role in Mobile Team Challenge and whilst working for 3M, he was responsible for Customer Service Excellence across 15 countries in a \$35bn business. During this time, a Customer Service Excellence Professional in the U.S. by the name of Tom Peters authored a book which was to become ***"The Greatest Business Book of All Time"*** where he identified 43 global companies who had attained excellence. Disney was cited as being "Best in Class" for Customer Service (they have now won this accolade for almost 40 consecutive years) and 3M won the "Best in Class" Award for Innovation.

As a consequence, Disney and 3M went on to partner in many commercial and "Best Practice Sharing" activities. The 3M Team shared with the Disney Management Team how they "did" innovation and **our Facilitator was invited to Florida to have an un-precedented week (for a non-Disney employee) "behind the scenes" in Disney to see how they excelled at Customer Service.**

As a consequence, 3M rolled out the Disney Customer Service principles across its European subsidiaries to great effect, and more recently, since leaving 3M and joining MTC, he has been educating hundreds of Organisations; including Retail, Hospitality, Accountancy Firms, Leisure Centres, Museums, Local Authorities, 33 NHS Foundation Trusts (approximately 2,500 delegates have attended our "Service Excellence – Doing it like Disney!" Workshops since 2013. And it is for this reason that our workshop will use our highly acclaimed, and CPD Accredited, Workshop where we can leverage our successes and experience in the Public and Private Sector as the platform on which we will build bespoke modules for your Company to create engaged and motivated Staff by achieving behavioural and attitudinal change in all Customer-Facing Teams. This inspirational workshop includes experiential activities and group work and is ideal for all levels of Staff.

This is a unique opportunity to model your Company on the best Customer Service provider of ALL time delivered by someone who has been privileged to see behind the scenes in Disney as to how they achieve Service Excellence – year on year – and who will inspire and motivate your teams to help you apply all of the Secrets of the Magic Kingdom to your organisation.

This is a CPD accredited workshop and all delegates will receive a professional CPD Certificate in Customer Service Excellence.
