"I've seen plenty of portable ropes courses over the years and the MTC equipment stands out above all the others"

Simon Priest, International Executive Change Consultant, world leading researcher and author on corporate experiential training and development.

Performance Plus

Performance

Standard

"I believe **MTC complements our existing training resources perfectly** both for our indoor and outdoor training centres. Most importantly, **MTC can bring to life the importance of leadership, team and personal development training and objectives of our own training programmes.**"

Paul Bate, RAF Innsworth

Conflict Resolution Add-on

"I would **highly recommend** your equipment and training to anyone interested and would be glad to answer questions about our experience. **Thank you again for your work in providing us with the tools and the knowledge to positively affect the world through the children we serve.**"

Brian Flemming, Drug Action Council

Conflict Resolution Stand-alone

"I would say that the **Mobile Team Challenge approach** has been one of the **most successful** things that we have implemented in the prison and the inmates regularly tell us that it is the **best thing** on the programme."

Graham Gillin, PE Instructor, HMP Brockhill

The **real value** to me was the learning that I gained with regard to **Appreciative Facilitation**. This unique style of facilitation is not one I have ever seen or used before. **It has changed my outlook and approach to Training and Development**. It is a **powerful, effective** and common sense approach that produces only **positive outcomes and excellent results.**"

Jill Stewart, Training Manager Operations & Development, Chelsea Building Society
