

Global Success: 14 Countries, 5 Continents, Thousand of Clients

Delivering Life-Changing Training for Young People

...the fastest growing experiential training organisation in the UK!

The Power of Excellence

mobile team challenge

"When a team outgrows individual performance and learns team confidence, excellence becomes a reality."

Creating a Positive Future for Education

Over the past 10 years the Mobile Team Challenge equipment has been adopted by many hundreds of youth organisations worldwide to create a positive and lasting change in the lives of the children and young people they support. Now, more than four hundred organisations **working with youth** worldwide look to the Mobile Team Challenge solution to provide them with powerful on-site activity and development programmes to create a positive future for their young people.

Partnering With You

MTC understands that organisations need to work together to solve the whole problem. Extensive feedback from MTC users confirm that the tools we provide play an important, and in some cases, critical role in the success of initiatives that address the following areas of concern

- Individual development and life skills
- Employment prospects and social skills
- Youth Offending and Re-offending
- School and Social Exclusion
- Substance Abuse
- Truancy
- Homelessness
- Family Problems
- Poor Health
- Poor Academic Performance
- NEET Students
- Building Respect and Trust
- Developing Social Skills
- Increasing Self Confidence, Self Belief, Self Esteem, Self Awareness and Motivation
- Creating Winning Behaviours and Attitudes
- Developing and Applying Key Skills Stages 3-5
- Developing Problem Solving and Decision Making Skills

So how do we deliver this Life Changing Training?

The short answer is we work with you and slot in where you need us, you may need us to deliver the training personally with our expert trainers or alternatively we can supply the equipment and training so you can deliver and benefit from the MTC Programme for years to come.

MTC Facilitated Workshops.

We deliver bespoke professional on-site training providing all the necessary equipment and supporting material at the location and time to suit you.

MTC Products and 'Train the Trainer' Programmes.

Offering a wide range of equipment and support, MTC are with you every step of the way to ensure your long term training goals are achieved. Initial intensive training to ensure you are maximising the potential of your equipment with the option of periodic refresher courses ensure your investment adds tangible value to your business for many years to come.

MTC works to help unleash young people's potential through the following benefits:

- MTC is a catalyst that gets even the most apathetic and resistant of young people to really "Engage in Learning".
- It provides numerous opportunities for positive assessment, which is used constructively and deliberately to build self-confidence, self-esteem and personal self-worth for young people
- It improves skills in decision-making, problem-solving, planning, assertiveness and self-control and these have been proven to reduce Youth Offending and other destructive behaviours.
- It enhances thinking, personal and inter-personal skills and, unlike many sports, MTC is accessible to everyone regardless of age, physical or mental ability or skill level. It therefore provides a "level playing field" on which young people can have fun, learn and develop more positive, constructive and socially acceptable behaviours.

Don't take our word for it ...

"In all my time teaching I have never encountered such an effective programme for interactive learning as Mobile Team Challenge."

Keith Pugh,
Deputy Head-Teacher Swanage Middle School

"I would highly recommend your equipment and training to anyone interested and would be glad to answer questions about our experience. Thank you again for your work in providing us with the tools and the knowledge to positively affect the world through the children we serve."

Brian Flemming,
Drug Action Council
